Miromar FPA review
Zoning Environmental

1. Please provide a five foot wide buffer around the existing boat storage area.
2. Please show 60 inch in height, 45 gallon Green buttonwoods installed 3 foot on center within the five foot wide buffer.
3. Please show and provide calculation for native Spartina patens grasses planted 2 foot on center in one gallon container size in the dry detention.
4. Please provide automatic irrigation notes to the FPA plan.
5. Please provide copies of the Dock and Shoreline permit and State permits for the existing dock and boat ramp shown on the FPA plan.
