Department staff will review this application for compliance with requirements of the Lee County Land Development Code. The applicant will be notified of any deficiencies.

If the Director determines that the requested amendment is beyond the scope of Land Development Code Section 34-380 or 34-1036 and that a public hearing is necessary, then all fees paid toward the administrative application may be applied toward an application for public hearing.

The Director's decision on an administrative amendment is final and can not be appealed. In the event the Director denies the request, the applicant's only recourse is to apply for a public hearing. No fees paid for the administrative application will be refunded or applied towards the public hearing.

If it is determined that inaccurate or misleading information was provided to the county or the decision does not comply with the Land Development Code when rendered, then, at any time, the Director may issue a modified decision that complies with the Code or revoke the decision. If the approval is revoked, the applicant may acquire the necessary approvals by filing an application for public hearing in accordance with Chapter 34.

WildBlue ADMINISTRATIVE AMENDMENT

REQUEST STATEMENT

An Administrative Amendment is sought for Wildblue MPD to allow an internal gate at the entrance to Blue Eye Loop. Located on page 1 of the enclosed Master Concept Plan, a star symbol has been added to depict the location of the internal gate.

Pursuant to condition number 26, in Resolution Z-15-051 (pg. 7), internal gates may be permitted by administrative amendment whilst allowing unencumbered pedestrian and bicycle movement between neighborhoods within the project. Compliant with this condition, the proposed internal gate will not hinder pedestrian oriented access between the project's communities. Sidewalks and bike paths are integrated into the project's proposed site plan, allowing for easy access throughout the development.

The requested amendment does not alter utilization of public resources, preserves, open space, height or buffers and therefore is consistent with the requirements of LDC Section 34-380 regarding administrative zoning approvals.
