Good morning Cypress Woods Owner,

Please know that in order to begin the procedure of getting the amendment to approve gazebos by County, we, the applicants must furnish the County, as part of our application, a complete list of all lot owners, identified by lot number, along with proof that all lot owners who did not join in the application were given actual written notice thereof by the applicants, who must verify the list and fact of notice by sworn affidavit. LDC Section 34-201(a)(1)c.

In order to complete this process, we have placed a binder in the Town Center with a listing of all owners and lots. Owners, if you would, please sign next to your name and enter your lot number. By signing, you are stating that you wish for us to move forward with the application to County to get gazebos approved on RV lots. We are in need of at least 75% of ownership to sign this in order to even start the process.

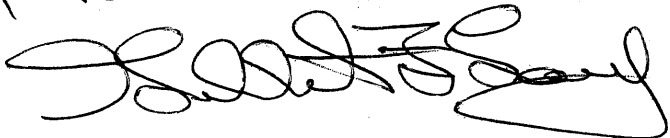

For those of you that are not on property or who cannot sign actual sign in roster, please send us a written letter (regular mail or email) including your name, your signature, and your address (including lot #) stating that you approve or decline moving forward with the application to County on amending the approval of gazebos on RV lots.

Please know that the faster you sign or submit approval, the faster we reach our 75% the faster we can submit application to County.

Thank you,

Tina Swanson
