Re: Messina at Miramar Lakes (Z-13-020)

Mr. Baker,

Thank you for the opportunity to review this project. Our review was relative to the requirements in the Lee County Land Development Code, Section 10-291(3). This section stipulates that, due to the scope of this proposed project, the applicant, "must provide more than one means of ingress or egress for the development."

Given the limited nature of the activity on the site, Public Safety has no objections to waiving the requirement contained in LDC 10-291(3) for this project.

Sincerely,
