ADMINISTRATIVE AMENDMENT (FPA) ADD2017-00013

**ADMINISTRATIVE AMENDMENT
LEE COUNTY, FLORIDA**

WHEREAS, Miromar Lakes, LLC filed an application for **Final Zoning Plan Approval to a Mixed Use Planned Development (MPD) on a project known as Miromar Lakes Resort Village – Phase 2 for 29 single-family homes and related infrastructure including temporary boat storage** on +/- 9.38 acres on property located at Miromar Lakes, Fort Myers, FL. described more particularly as:

LEGAL DESCRIPTION: In Section 11, Township 46 South, Range 25 East, Lee County, Florida:

ATTACHED AS EXHIBIT "A"

WHEREAS, the subject property is located in the University Community Future Land Use Category as designated by the Lee Plan; and

WHEREAS, the property was originally rezoned in Zoning Resolution Z-99-029 with subsequent amendments per zoning resolutions Z-02-072, Z-06-064, Z-10-019, Z-12-004, Z-13-020, and administrative amendments ADD2015-00070, ADD2016-00025 and ADD2016-00148; and

WHEREAS, the Lee County Land Development Code provides for certain administrative changes to planned development master concept plans and planned unit development final development plans; and

WHEREAS, Resolution Z-13-020 requires, as a prerequisite to approval of any local Development Order, an approved Final Zoning Plan (FPA) that specifies the type, intensity and configuration of development for the particular site; and

WHEREAS, the Miromar Lakes Mixed Use Planned Development (MPD)/Development of Regional Impact (DRI) is a +/- 1,800-acre mixed use project approved for 250,000 square feet of retail uses, 340,000 square feet of office uses, 40,000 square feet of industrial/research and development uses, 450 hotel rooms, 650 boat slips, 2,600 residential units, recreational facilities and preserve areas; and

WHEREAS, Condition 1.c. of Z-13-020 requires Final Plan Approval prior to the issuance of a local development order for the parcel development that includes vertical (structural) development; and

WHEREAS, the applicant is seeking Final Plan Approval (FPA) for a 9.38-acre tract for 29 residential single-family dwelling units and related infrastructure (Attachment "C"); and

**Conditions 8 thru 17 are no longer in effect according
to ADD2019-00178 dated 1/17/2020.**

WHEREAS, Resort Village Phase 1 was approved per ADD2016-00148 (Attachment "G") for 25 residential single-family dwelling units on +/- 9.06 acres to the east of the subject property; and

WHEREAS, this application is in compliance with the open space requirements and the applicant has included a landscape and littoral planting plan (Attachment "B"); and

WHEREAS, this applicant has provided for adequate buffering, landscaping, plantings and other improvements (Attachment "H") generally consistent with the Land Development Code and Zoning Resolution Z-13-020; and

WHEREAS, the applicant's request includes the use of rip rap over other shoreline stabilization treatments for portions of the proposed lake shoreline (Attachment "A"); and

WHEREAS, the applicant's request includes Deviations from the Land Development Code including requests related to the use of rip rap shoreline, access, and lake slopes (Attachment "D"); and

WHEREAS, the applicant requests Deviation #1 and #2 are from LDC Sec. 10-418 and 10-418(3) to allow the use of rip rap shoreline treatment adjacent to single-family uses along 65% of the proposed recreational lake shoreline (Attachment "D"); and

WHEREAS, Administrative Amendment ADD2015-00070 (Attachment "E") approved the Miromar Lakes Recreational Lake Shoreline Stabilization Plan; and

WHEREAS, this plan includes shoreline in Miromar Lakes and is consistent with this approval per ADD2015-00070; and

WHEREAS, the applicant requests Deviation #3 from LDC Sec. 10-291(p)(1) to allow Via Lucero to end without a cul-de-sac; and

WHEREAS, the applicant makes the case Via Lucero is a privately maintained road with little traffic; and

WHEREAS, the applicant requests Deviation #4 is from LDC Sec. 10-328(a) to allow lake maintenance easements within the limits of the platted single-family lots within the subject tract; and

WHEREAS, the applicant makes the case that Miromar Lakes has developed as a recreational lake community with home sites adjacent to lakes; and

WHEREAS, the applicant requests Deviation #5 from LDC Sec. 34-1954(b)(2) to allow "dry models" on site without sanitary sewer and potable water utilities; and

WHEREAS, the applicant makes a case the developer will be able to show the potential buyers examples of different unoccupied homes prior to certification of sanitary sewer and potable water services are available; and

**Conditions 8 thru 17 are no longer in effect according
to ADD2019-00178 dated 1/17/2020.**

WHEREAS, the applicant makes a case that Miromar Lakes operates a sales center at the entrance to Miromar Lakes for visitors to visit rest rooms; and

WHEREAS, Final Plan Approval (FPA) Administrative Amendment ADD2016-00025 was approved for a temporary boat storage facility for Miromar Lakes residents on 3.0 acres of property in proximity to the subject property (Attachment "F"); and

WHEREAS, this application includes a new location for temporary boat storage as conditioned consistent with ADD2016-00025; and

WHEREAS, the subject property is within the Residential "R" portion of Miromar Lakes per the approved Master Concept Plan per Zoning Resolution Z-13-020; and

WHEREAS, the Property Development Regulations per Z-13-020 permit Accessory Uses and Structures including private boat docks, Clubs (including accessory uses such as boat docks, boat ramps, and fishing piers), Entrance Gates, Fences, Walls, Recreational Facilities, personal and private including fishing piers, boat docks, boat ramps, and temporary uses); and

WHEREAS, the Property Development Regulations per Z-13-020 says, "Any activity comparable in nature with the foregoing uses and which the Director of the Lee County Community Development determines to be compatible in "R" district"; and

WHEREAS, this proposed activity is an accessory use and activity consistent with the permitted uses within the "R" portions of Miromar Lakes; and

WHEREAS, the applicant proposes a development to be used by the residents of Miromar Lakes to store boats, trailers, RVs and other vehicles in a secure area; and

WHEREAS, this is a limited access storage facility with a boat ramp and dock to allow the users a safe and controlled access to the adjacent lake; and

WHEREAS, upon development of the new temporary boat storage location on the subject property, the temporary boat storage per ADD2016-00025 will not be necessary and the property with the current boat storage will be developed with single-family development; and

WHEREAS, due to the unique, temporary and accessory nature of the proposed use the applicant requests two additional deviations from the Land Development Code, consistent with ADD2016-00025; and

WHEREAS, the applicant requests Deviation #6 from LDC Sec. 10-261(a) requiring all new construction to provide sufficient on-site space for the placement of garbage containers or receptacles, and sufficient space for recyclable materials collection containers to allow for no requirement for such containers or receptacles; and

Conditions 8 thru 17 are no longer in effect according to ADD2019-00178 dated 1/17/2020.

WHEREAS, Condition 28 of Zoning Resolution Z-13-020 says, "As part of any local development order approval for vertical development, the development order plans must include facilities in compliance with LDC Sec. 10-261 and Solid Waste Ordinance #11-27 for the pick-up/disposal of solid waste and recyclables. The minimum area required for, and specific locations of these facilities will be reviewed at time of local development order application"; and

WHEREAS, the proposed storage activity requires no vertical construction with the exception of the fences, gates, and docks; and

WHEREAS, the applicant proposes a system where Miromar Lakes residents have limited access to the property accompanied by Miromar Lakes staff; and

WHEREAS, there will be no need, as proposed, to have any garbage or recycling facilities on site; and

WHEREAS, the applicant requests Deviation #7 requests relief from LDC Sec. 34-2020(b) requiring marinas and other water-oriented uses to provide for parking spaces to allow for no parking for the proposed facility; and

WHEREAS, the applicant proposes residents using this area for storage and boat ramp will not be permitted to park their vehicles in the facility; and

WHEREAS, staff has reviewed the deviation requests and finds that the planned development will be enhanced and that the intent of such regulations to protect health, safety and welfare will be served; and

WHEREAS, Environmental staff have reviewed the request and provided conditions of approval (Attachment "H"); and

WHEREAS, the subject application and plans have been reviewed by the Lee County Department of Community Development in accordance with applicable regulations for compliance with all terms of the administrative approval procedures; and

WHEREAS, the subject application and plans have been reviewed for compliance with the MCP and all of the conditions approved by Resolution Z-13-020, as subsequently amended; and

WHEREAS, it is found that the proposed amendment does not increase density or intensity within the development; does not decrease buffers or open space required by the LDC; does not underutilize public resources or infrastructure; does not reduce total open space, buffering, landscaping or preservation areas; and does not otherwise adversely impact on surrounding land uses.

NOW, THEREFORE, IT IS HEREBY DETERMINED that the application for Final Zoning Plan Approval to a Mixed Use Planned Development (MPD) on a project known as Resort Village – Phase 2 for 29 single-family homes and related infrastructure including

Conditions 8 thru 17 are no longer in effect according
to ADD2019-00178 dated 1/17/2020.

temporary boat storage on +/- 9.38 acres on property is **APPROVED** with the following conditions:

1. The Development must be in substantial compliance with the Final Plan Approval: Site Plan per Attachment "A".
2. Any development which is not consistent with the final site plan approved herein and attached hereto, will require an additional, amended final plan approval.
3. Deviations as proposed are approved per the conditions of this Final Plan Approval only.
4. Prior to the issuance of a development order for Miromar Lakes Resort Village Phase 2, the landscape plan must be in substantial compliance with the Phase 2 Littoral Planting Plan and Landscape Calculations exhibit received February 23, 2017 per Attachment "B".
5. Prior to the issuance of a development order for Miromar Lakes Resort Village Phase 2, the boat storage area must illustrate the following:
 - a. Five foot wide buffer installed on the exterior of the fence planted with *Conocarpus erectus* (Green Buttonwood) installed four foot on center 45 gallon container size and at a minimum 60 inches overall;
 - b. Dry retention area planted with *Spartina patens* (Cordgrass) installed two foot on center and in one gallon container size.
6. A deviation from LDC Sec. 34-1954(b)(2) requiring model homes must be connected to water, sewer and electricity and must receive a certificate of occupancy as a model home only, prior to use as a model to approve dry models is approved with the following conditions:
 - a. Use of dry models is limited to single-family development consistent with the Final Plan Approval: Site Plan per Attachment "A".
 - b. Each model home within this development must have a floor plan that is distinctly different from other model homes within the development, per LDC Sec. 34-1954(b)(4).
 - c. Dry models are limited to four in locations to be determined at time of local development order.
7. Development must include the security entrance gates consistent with Attachment "A".

Conditions 8 thru 17 are no longer in effect according to ADD2019-00178 dated 1/17/2020.

8. Use of this property designated for boat storage is limited to the temporary storage of boats, trailers, RVs, and other vehicles (not including heavy machinery, dump trucks, or similar vehicles) for residents of Miromar Lakes only.
9. Boat, trailer, RV and other vehicle storage must comply with provisions for outdoor storage per LDC Sec. 34-3001 through 34-3005.
10. Temporary storage of RVs is limited to 5 at any one time.
11. Use of this property for commercial storage of any kind is prohibited.
12. Use of this property for boat launching, docking, or boat or vehicle storage by non-residents or non-employees of Miromar Lakes is prohibited.
13. Individual boats or vehicles may not be stored on site in excess of two calendar years.
14. This temporary use is limited to no more than two calendar years from the date this amendment (ADD2017-00013) is signed. Continued use after this point may only be permitted by a subsequent Final Plan Approval extending the date of approval or through amendment of the MPD through the public hearing process.
15. If garbage accumulates on this site for a week or longer, the developer must comply with LDC Sec. 10-261 and Solid Waste Ordinance #11-27 for the pick-up/disposal of solid waste and recyclables.
16. Development or use of the proposed boat storage facility is permitted upon removal of boats, trailers and RVs from the site per ADD2016-00025.
17. Subsequent to development order approval of boat storage on the subject property, ADD2016-00025 is null and void.
18. Prior to Development Order approval for the T-Type turn around in lieu of a cul-de-sac on Via Lucero per Deviation #3, approval from the fire district must be obtained.
19. The proposed gate access must comply with all requirements of Lee County Land Development Code Section 34-1748.
20. If it is determined that inaccurate or misleading information was provided to the County or if this decision does not comply with the LDC when rendered, then, at any time, the Zoning Manager may issue a modified decision that complies with the Code or revoke the decision. If the approval is revoked, the applicant may acquire the necessary approvals by filing an application for public hearing in accordance with Chapter 34.

ADMINISTRATIVE AMENDMENT (FPA) ADD2019-00178

ADMINISTRATIVE AMENDMENT
LEE COUNTY, FLORIDA

WHEREAS, Miromar Lakes, LLC filed an application for **Final Zoning Plan Approval within the Mixed Use Planned Development on a project known as Resort Village - Phase 2 to amend the Final Zoning Plan Approval granted in ADD2017-00013 to:**

- **Extend Lake Maggiore Way;**
- **Revise the construction entrance to a final entrance design;**
- **Expand the existing recreational lake; and**
- **Remove previously approved Boat Storage Facility and Access Road.**

WHEREAS, the property is located in Miromar Lakes, described more particularly as:

LEGAL DESCRIPTION: In Section 11, Township 46 South, Range 25 East, Lee County, Florida:

ATTACHED AS EXHIBIT "A"

WHEREAS, the applicant indicates the current STRAP Number for the subject property is 11-46-25-L1-15FD1.0000; and

WHEREAS, the property was originally rezoned in Resolution Number Z-99-029 (with subsequent amendments adopted in Resolution Numbers Z-02-072, Z-06-064, Z-10-019, Z-12-004, and Z-13-020); and

WHEREAS, ADD2017-00013 for Miromar Lakes Resort Village – Phase 2 Final Zoning Plan Approval was granted on April 4, 2017 allowing for 29 single-family homes and related infrastructure; and

WHEREAS, this application has been sought to amend this previous action to adopt a new Final Plan Approval for Resort Village - Phase 2; and

WHEREAS, as part of the subject application the applicant is eliminating the proposed development of a boat storage facility and access road; and

WHEREAS, it is found the previously imposed conditions in ADD2017-00013 associated to these uses are no longer necessary; and

WHEREAS, the applicant is not proposing to amend that portion of the Final Zoning Plan Approval in ADD2017-00013 allowing for development of 29 single-family homes with related infrastructure; and

WHEREAS, the subject property is located in the University Community Future Land Use Category as designated by the Lee Plan; and

WHEREAS, Resolution Number Z-13-020 requires Final Plan Approval in Condition 1.c. and d., as a prerequisite to approval of any local Development Order, specifying the type, intensity, and configuration of development for the particular site; and

WHEREAS, the subject application and plans have been reviewed by the Lee County Department of Community Development in accordance with applicable regulations for compliance with all terms of the administrative approval procedures; and

WHEREAS, it is found that the proposed Zoning Final Plan Approval does not increase density or intensity within the development; does not decrease buffers or open space required by the LDC; does not underutilize public resources or infrastructure; does not reduce total open space, buffering, landscaping or preservation areas; and does not otherwise adversely impact on surrounding land uses.

NOW, THEREFORE, IT IS HEREBY DETERMINED that the application for **Final Zoning Plan Approval within the Mixed Use Planned Development to amend the Final Zoning Plan Approval granted in ADD2017-00013** to:

- **Extend Lake Maggiore Way;**
- **Revise the construction entrance to a final entrance design;**
- **Expand the existing recreational lake; and**
- **Remove previously approved Boat Storage Facility and Access Road.**

is **APPROVED**, subject to the following conditions:

1. **The terms and conditions of the original zoning resolution, as amended, remain in full force and effect. Conditions of ADD2017-00013 related to the remaining elements of development approved in that action remain in effect, unless specifically amended by this action.**

With the elimination of the Boat Storage Facility and related boat launch and access road, ADD2017-00013 Conditions 8 through 17 are no longer in effect.

2. **The Development must be in compliance with the amended three-page FINAL PLAN APPROVAL for Miromar Lakes Resort Village – PH2D. A reduced copy is attached hereto.**
3. **If it is determined that inaccurate or misleading information was provided to the County or if this decision does not comply with the LDC when rendered, then, at any time, the Zoning Manager may issue a modified decision that complies with the Code or revoke the decision. If the approval is revoked, the applicant may acquire the necessary approvals by filing an application for public hearing in accordance with Chapter 34.**

ADMINISTRATIVE AMENDMENT (PD) ADD2024-00228

ADMINISTRATIVE AMENDMENT
LEE COUNTY, FLORIDA

WHEREAS, Rich Coppolino filed an application to amend the Final Plan Approval granted in ADD2017-00013, on a project known as Miromar Lakes Resort Village – Phase 2, to permit one accessory dwelling unit at 17421 Via Ancona Way, on property described more particularly as:

LEGAL DESCRIPTION: In Section 11, Township 46 South, Range 25 East, Lee County, Florida:

ATTACHED AS EXHIBIT “A”

WHEREAS, the subject property is located in the University Community Future Land Use Category as designated by the Lee County Comprehensive Plan (Lee Plan); and

WHEREAS, the property is located within a Mixed-Use Planned Development (MPD) known as Miromar Lakes, originally approved by Resolution number Z-99-029 (with subsequent amendments in Resolution numbers Z-02-072, Z-06-064, Z-10-019, Z-12-004, Z-13-020 and Z-23-018); and

WHEREAS, the Lee County Land Development Code provides for certain administrative changes to planned development master concept plans and planned unit development final development plans; and

WHEREAS, Condition 1.c. of Resolution Z-13-020 requires, as a prerequisite to approval of any local Development Order, an approved Final Zoning Plan (FPA) that specifies the type, intensity and configuration of development for the particular site prior to vertical (structural) development; and

WHEREAS, ADD2017-00013 granted Final Plan Approval (FPA) on a 9.38-acre tract to permit 29 residential single-family dwelling units, related accessory uses including temporary boat storage on a project known as Miromar Lakes Resort Village – Phase 2 (see Exhibit “E”); and

WHEREAS, ADD2019-00178 amended ADD2017-00013 to reconfigure common infrastructure and remove a boat storage facility with related conditions (see Exhibit “D”); and

WHEREAS, Resolution Z-23-018 increased the maximum total residential density to 3,066 units comprised of 1,592 single-family units and 1,474 multifamily units; and

WHEREAS, the applicant is requesting to amend the existing Final Plan Approval to include the use of an Accessory Dwelling Unit (ADU), and incorporate one ADU above an existing detached garage on the subject property (see Exhibit “B”); and

WHEREAS, the applicant has obtained approval for the request from the Miromar Lakes Master Homeowners Association (see Exhibit “C”); and

WHEREAS, Accessory Dwelling Units are limited by regulations contained in LDC Section 34-1177 and are assessed multifamily unit impact fees in Unincorporated Lee County; and

WHEREAS, ADD2023-00145 tabulates the current density allocated with Final Plan Approvals in the MPD and demonstrates sufficient multifamily units are available to support this request; and

WHEREAS, the subject application and plans have been reviewed by the Lee County Department of Community Development in accordance with applicable regulations for compliance with all terms of the administrative approval procedures; and

WHEREAS, the subject application and plans have been reviewed for compliance with the MCP and all the conditions approved by Resolutions Z-13-020 and Z-23-018, as amended; and

WHEREAS, it is found that the proposed amendment does not increase density or intensity within the development; does not decrease buffers or open space required by the LDC; does not underutilize public resources or infrastructure; does not reduce total open space, buffering, landscaping or preservation areas; and does not otherwise adversely impact on surrounding land uses.

NOW, THEREFORE, IT IS HEREBY DETERMINED that the application to amend the Final Plan Approval granted in ADD2017-00013 to permit one accessory dwelling unit at 17421 Via Ancona Way is **APPROVED with the following conditions:**

1. **The development must remain in substantial compliance with the Final Plan Approval approved by ADD2017-00013, as amended by ADD2019-00178. The only change authorized by this amendment is use of an Accessory Dwelling Unit at 17421 Via Ancona Way.**
2. **Exhibit D of Resolution Z-13-013, as amended, is hereby further amended to include Accessory Dwelling Unit as a permitted use. The use of an Accessory Dwelling Unit is limited within the MPD to the subject property described in Exhibit “A” attached hereto.**
3. **The terms and conditions of the original zoning resolution and subsequent amendments thereto remain in full force and effect, except as amended herein.**
4. **If it is determined that inaccurate or misleading information was provided to the County or if this decision does not comply with the LDC when rendered, then, at any time, the Zoning Manager may issue a modified decision that complies with the Code or revoke the decision. If the approval is revoked, the**

applicant may acquire the necessary approvals by filing an application for public hearing in accordance with Chapter 34.

Duly passed, adopted, and electronically signed on 1/16/2025

Anthony R. Rodriguez, AICP, CPM, Zoning Manager

 Address where modification is requested: 17421 V.A. ANCONA Way
 Neighborhood: ANCONA
 Email Address: RichCappellaro@aol.com Phone #: 917921-8747
 Type of Modification: ADD ROOM ON EXISTING GARAGE

(Give brief description of modification-any change of the exterior of your home from original plan, landscaping, roofing, driveway, painting, pool area, addition, dock, etc.)

Project start date: UPON PERMITS Competition Date:
 Contractor Name: TAD Phone #: 239-710-8080
 Contractor Email: Customdesignbuilders@gmail

**Modification requests should be submitted 30 days prior to work to be performed.
 Neighborhood Association approval is required prior to Master Association approval.

Modification Fee and Deposit Schedule

A Design Review and a Deposit are required as part of your application for modification. The Design Review Fee and Deposit must be paid at the time of submittal. Separate Checks are required for Design Review Fees and Deposits. Both Checks will be cashed. A site inspection will be completed by the Property Manager before and after the project. A refund check will be issued for the deposit amount as long as no damage has occurred. Please make checks payable to: **Miromar Lakes Master Association.**

The list below illustrated the deposits associated with the most commonly requested modifications. For modifications not shown, please contact Property Management at (239) 908-2061.

Miromar Lakes Master Association expects the job sites to be cleaned and projects completed in a timely manner.

ADMINISTRATIVE AMENDMENT (FPA) ADD2019-00178

ADMINISTRATIVE AMENDMENT LEE COUNTY, FLORIDA

WHEREAS, Miromar Lakes, LLC filed an application for **Final Zoning Plan Approval within the Mixed Use Planned Development on a project known as Resort Village - Phase 2 to amend the Final Zoning Plan Approval granted in ADD2017-00013** to:

- **Extend Lake Maggiore Way;**
- **Revise the construction entrance to a final entrance design;**
- **Expand the existing recreational lake; and**
- **Remove previously approved Boat Storage Facility and Access Road.**

WHEREAS, the property is located in Miromar Lakes, described more particularly as:

LEGAL DESCRIPTION: In Section 11, Township 46 South, Range 25 East, Lee County, Florida:

ATTACHED AS EXHIBIT "A"

WHEREAS, the applicant indicates the current STRAP Number for the subject property is 11-46-25-L1-15FD1.0000; and

WHEREAS, the property was originally rezoned in Resolution Number Z-99-029 (with subsequent amendments adopted in Resolution Numbers Z-02-072, Z-06-064, Z-10-019, Z-12-004, and Z-13-020); and

WHEREAS, ADD2017-00013 for Miromar Lakes Resort Village – Phase 2 Final Zoning Plan Approval was granted on April 4, 2017 allowing for 29 single-family homes and related infrastructure; and

WHEREAS, this application has been sought to amend this previous action to adopt a new Final Plan Approval for Resort Village - Phase 2; and

WHEREAS, as part of the subject application the applicant is eliminating the proposed development of a boat storage facility and access road; and

WHEREAS, it is found the previously imposed conditions in ADD2017-00013 associated to these uses are no longer necessary; and

WHEREAS, the applicant is not proposing to amend that portion of the Final Zoning Plan Approval in ADD2017-00013 allowing for development of 29 single-family homes with related infrastructure; and

WHEREAS, the subject property is located in the University Community Future Land Use Category as designated by the Lee Plan; and

WHEREAS, Resolution Number Z-13-020 requires Final Plan Approval in Condition 1.c. and d., as a prerequisite to approval of any local Development Order, specifying the type, intensity, and configuration of development for the particular site; and

WHEREAS, the subject application and plans have been reviewed by the Lee County Department of Community Development in accordance with applicable regulations for compliance with all terms of the administrative approval procedures; and

WHEREAS, it is found that the proposed Zoning Final Plan Approval does not increase density or intensity within the development; does not decrease buffers or open space required by the LDC; does not underutilize public resources or infrastructure; does not reduce total open space, buffering, landscaping or preservation areas; and does not otherwise adversely impact on surrounding land uses.

NOW, THEREFORE, IT IS HEREBY DETERMINED that the application for **Final Zoning Plan Approval within the Mixed Use Planned Development to amend the Final Zoning Plan Approval granted in ADD2017-00013** to:

- **Extend Lake Maggiore Way;**
- **Revise the construction entrance to a final entrance design;**
- **Expand the existing recreational lake; and**
- **Remove previously approved Boat Storage Facility and Access Road.**

is **APPROVED**, subject to the following conditions:

1. **The terms and conditions of the original zoning resolution, as amended, remain in full force and effect. Conditions of ADD2017-00013 related to the remaining elements of development approved in that action remain in effect, unless specifically amended by this action.**

With the elimination of the Boat Storage Facility and related boat launch and access road, ADD2017-00013 Conditions 8 through 17 are no longer in effect.

2. **The Development must be in compliance with the amended three-page FINAL PLAN APPROVAL for Miromar Lakes Resort Village – PH2D. A reduced copy is attached hereto.**
3. **If it is determined that inaccurate or misleading information was provided to the County or if this decision does not comply with the LDC when rendered, then, at any time, the Zoning Manager may issue a modified decision that complies with the Code or revoke the decision. If the approval is revoked, the applicant may acquire the necessary approvals by filing an application for public hearing in accordance with Chapter 34.**

GENERAL NOTES

1. IT IS THE CONTRACTOR'S RESPONSIBILITY TO FIELD LOCATE AND VERIFY ANY EXISTING UTILITIES.
2. EXTREME CAUTION IS TO BE USED WHEN EXCAVATING, AS THE NUMBER AND LOCATION OF EXISTING UTILITIES HAVE BEEN NOTED BASED ON THE BEST INFORMATION AVAILABLE.
3. THE CONTRACTOR SHALL SAFEGUARD AND AVOID PENETRATION OF SPECIAL WETLAND PRESERVATION AREAS SHOWN ON THE DRAWINGS AND FENCED AT THE SITE.
4. IT IS THE CONTRACTOR'S RESPONSIBILITY TO REPLACE ANY EXISTING LANDSCAPING (i.e. SOD, BUSHES, TREES, ETC.), SPRINKLER PIPE, SPRINKLER HEADS AND FENCING THAT MAY HAVE TO BE REMOVED DURING CONSTRUCTION.
5. ANY DAMAGE TO EXISTING UTILITIES AND PROPERTY DURING CONSTRUCTION SHALL BE REPAIRED AND/OR REPLACED AT THE CONTRACTOR'S EXPENSE.

GENERAL DEVELOPMENT NOTE:

1) BASED ON THE SPWMD GENERAL PERMIT #36-03568-P AND THE U.S.D.A. SOIL CONSERVATION SERVICE SOIL SURVEY OF LEE COUNTY, FLORIDA, IT IS ANTICIPATED THAT THIS SITE MAY BE USED SAFELY FOR BUILDING PURPOSES, WITHOUT UNDUE DANGER FROM FLOOD OR ADVERSE SOIL OR FOUNDATION CONDITIONS. SUBJECT TO PROPERLY ENGINEERED AND CONSTRUCTED CORRECTIVE MEASURES, INCLUDING BUT NOT LIMITED TO SITE FILL, DRAINAGE WATER MANAGEMENT AND SEWAGE DISPOSAL FACILITIES.

Exhibit E

ADMINISTRATIVE AMENDMENT (FPA) ADD2017-00013

ADMINISTRATIVE AMENDMENT LEE COUNTY, FLORIDA

WHEREAS, Miromar Lakes, LLC filed an application for **Final Zoning Plan Approval to a Mixed Use Planned Development (MPD) on a project known as Miromar Lakes Resort Village – Phase 2 for 29 single-family homes and related infrastructure including temporary boat storage** on +/- 9.38 acres on property located at Miromar Lakes, Fort Myers, FL. described more particularly as:

LEGAL DESCRIPTION: In Section 11, Township 46 South, Range 25 East, Lee County, Florida:

ATTACHED AS EXHIBIT “A”

WHEREAS, the subject property is located in the University Community Future Land Use Category as designated by the Lee Plan; and

WHEREAS, the property was originally rezoned in Zoning Resolution Z-99-029 with subsequent amendments per zoning resolutions Z-02-072, Z-06-064, Z-10-019, Z-12-004, Z-13-020, and administrative amendments ADD2015-00070, ADD2016-00025 and ADD2016-00148; and

WHEREAS, the Lee County Land Development Code provides for certain administrative changes to planned development master concept plans and planned unit development final development plans; and

WHEREAS, Resolution Z-13-020 requires, as a prerequisite to approval of any local Development Order, an approved Final Zoning Plan (FPA) that specifies the type, intensity and configuration of development for the particular site; and

WHEREAS, the Miromar Lakes Mixed Use Planned Development (MPD)/Development of Regional Impact (DRI) is a +/- 1,800-acre mixed use project approved for 250,000 square feet of retail uses, 340,000 square feet of office uses, 40,000 square feet of industrial/research and development uses, 450 hotel rooms, 650 boat slips, 2,600 residential units, recreational facilities and preserve areas; and

WHEREAS, Condition 1.c. of Z-13-020 requires Final Plan Approval prior to the issuance of a local development order for the parcel development that includes vertical (structural) development; and

WHEREAS, the applicant is seeking Final Plan Approval (FPA) for a 9.38-acre tract for 29 residential single-family dwelling units and related infrastructure (Attachment “C”); and

Conditions 8 thru 17 are no longer in effect according
to ADD2019-00178 dated 1/17/2020.

WHEREAS, Resort Village Phase 1 was approved per ADD2016-00148 (Attachment "G") for 25 residential single-family dwelling units on +/- 9.06 acres to the east of the subject property; and

WHEREAS, this application is in compliance with the open space requirements and the applicant has included a landscape and littoral planting plan (Attachment "B"); and

WHEREAS, this applicant has provided for adequate buffering, landscaping, plantings and other improvements (Attachment "H") generally consistent with the Land Development Code and Zoning Resolution Z-13-020; and

WHEREAS, the applicant's request includes the use of rip rap over other shoreline stabilization treatments for portions of the proposed lake shoreline (Attachment "A"); and

WHEREAS, the applicant's request includes Deviations from the Land Development Code including requests related to the use of rip rap shoreline, access, and lake slopes (Attachment "D"); and

WHEREAS, the applicant requests Deviation #1 and #2 are from LDC Sec. 10-418 and 10-418(3) to allow the use of rip rap shoreline treatment adjacent to single-family uses along 65% of the proposed recreational lake shoreline (Attachment "D"); and

WHEREAS, Administrative Amendment ADD2015-00070 (Attachment "E") approved the Miromar Lakes Recreational Lake Shoreline Stabilization Plan; and

WHEREAS, this plan includes shoreline in Miromar Lakes and is consistent with this approval per ADD2015-00070; and

WHEREAS, the applicant requests Deviation #3 from LDC Sec. 10-291(p)(1) to allow Via Lucero to end without a cul-de-sac; and

WHEREAS, the applicant makes the case Via Lucero is a privately maintained road with little traffic; and

WHEREAS, the applicant requests Deviation #4 is from LDC Sec. 10-328(a) to allow lake maintenance easements within the limits of the platted single-family lots within the subject tract; and

WHEREAS, the applicant makes the case that Miromar Lakes has developed as a recreational lake community with home sites adjacent to lakes; and

WHEREAS, the applicant requests Deviation #5 from LDC Sec. 34-1954(b)(2) to allow "dry models" on site without sanitary sewer and potable water utilities; and

WHEREAS, the applicant makes a case the developer will be able to show the potential buyers examples of different unoccupied homes prior to certification of sanitary sewer and potable water services are available; and

**Conditions 8 thru 17 are no longer in effect according
to ADD2019-00178 dated 1/17/2020.**

WHEREAS, the applicant makes a case that Miromar Lakes operates a sales center at the entrance to Miromar Lakes for visitors to visit rest rooms; and

WHEREAS, Final Plan Approval (FPA) Administrative Amendment ADD2016-00025 was approved for a temporary boat storage facility for Miromar Lakes residents on 3.0 acres of property in proximity to the subject property (Attachment "F"); and

WHEREAS, this application includes a new location for temporary boat storage as conditioned consistent with ADD2016-00025; and

WHEREAS, the subject property is within the Residential "R" portion of Miromar Lakes per the approved Master Concept Plan per Zoning Resolution Z-13-020; and

WHEREAS, the Property Development Regulations per Z-13-020 permit Accessory Uses and Structures including private boat docks, Clubs (including accessory uses such as boat docks, boat ramps, and fishing piers), Entrance Gates, Fences, Walls, Recreational Facilities, personal and private including fishing piers, boat docks, boat ramps, and temporary uses); and

WHEREAS, the Property Development Regulations per Z-13-020 says, "Any activity comparable in nature with the foregoing uses and which the Director of the Lee County Community Development determines to be compatible in "R" district"; and

WHEREAS, this proposed activity is an accessory use and activity consistent with the permitted uses within the "R" portions of Miromar Lakes; and

WHEREAS, the applicant proposes a development to be used by the residents of Miromar Lakes to store boats, trailers, RVs and other vehicles in a secure area; and

WHEREAS, this is a limited access storage facility with a boat ramp and dock to allow the users a safe and controlled access to the adjacent lake; and

WHEREAS, upon development of the new temporary boat storage location on the subject property, the temporary boat storage per ADD2016-00025 will not be necessary and the property with the current boat storage will be developed with single-family development; and

WHEREAS, due to the unique, temporary and accessory nature of the proposed use the applicant requests two additional deviations from the Land Development Code, consistent with ADD2016-00025; and

WHEREAS, the applicant requests Deviation #6 from LDC Sec. 10-261(a) requiring all new construction to provide sufficient on-site space for the placement of garbage containers or receptacles, and sufficient space for recyclable materials collection containers to allow for no requirement for such containers or receptacles; and

Conditions 8 thru 17 are no longer in effect according to ADD2019-00178 dated 1/17/2020.

WHEREAS, Condition 28 of Zoning Resolution Z-13-020 says, "As part of any local development order approval for vertical development, the development order plans must include facilities in compliance with LDC Sec. 10-261 and Solid Waste Ordinance #11-27 for the pick-up/disposal of solid waste and recyclables. The minimum area required for, and specific locations of these facilities will be reviewed at time of local development order application"; and

WHEREAS, the proposed storage activity requires no vertical construction with the exception of the fences, gates, and docks; and

WHEREAS, the applicant proposes a system where Miromar Lakes residents have limited access to the property accompanied by Miromar Lakes staff; and

WHEREAS, there will be no need, as proposed, to have any garbage or recycling facilities on site; and

WHEREAS, the applicant requests Deviation #7 requests relief from LDC Sec. 34-2020(b) requiring marinas and other water-oriented uses to provide for parking spaces to allow for no parking for the proposed facility; and

WHEREAS, the applicant proposes residents using this area for storage and boat ramp will not be permitted to park their vehicles in the facility; and

WHEREAS, staff has reviewed the deviation requests and finds that the planned development will be enhanced and that the intent of such regulations to protect health, safety and welfare will be served; and

WHEREAS, Environmental staff have reviewed the request and provided conditions of approval (Attachment "H"); and

WHEREAS, the subject application and plans have been reviewed by the Lee County Department of Community Development in accordance with applicable regulations for compliance with all terms of the administrative approval procedures; and

WHEREAS, the subject application and plans have been reviewed for compliance with the MCP and all of the conditions approved by Resolution Z-13-020, as subsequently amended; and

WHEREAS, it is found that the proposed amendment does not increase density or intensity within the development; does not decrease buffers or open space required by the LDC; does not underutilize public resources or infrastructure; does not reduce total open space, buffering, landscaping or preservation areas; and does not otherwise adversely impact on surrounding land uses.

NOW, THEREFORE, IT IS HEREBY DETERMINED that the application for Final Zoning Plan Approval to a Mixed Use Planned Development (MPD) on a project known as Resort Village – Phase 2 for 29 single-family homes and related infrastructure including

Conditions 8 thru 17 are no longer in effect according to ADD2019-00178 dated 1/17/2020.

temporary boat storage on +/- 9.38 acres on property is **APPROVED** with the following conditions:

1. The Development must be in substantial compliance with the Final Plan Approval: Site Plan per Attachment "A".
2. Any development which is not consistent with the final site plan approved herein and attached hereto, will require an additional, amended final plan approval.
3. Deviations as proposed are approved per the conditions of this Final Plan Approval only.
4. Prior to the issuance of a development order for Miromar Lakes Resort Village Phase 2, the landscape plan must be in substantial compliance with the Phase 2 Littoral Planting Plan and Landscape Calculations exhibit received February 23, 2017 per Attachment "B".
5. Prior to the issuance of a development order for Miromar Lakes Resort Village Phase 2, the boat storage area must illustrate the following:
 - a. Five foot wide buffer installed on the exterior of the fence planted with *Conocarpus erectus* (Green Buttonwood) installed four foot on center 45 gallon container size and at a minimum 60 inches overall;
 - b. Dry retention area planted with *Spartina patens* (Cordgrass) installed two foot on center and in one gallon container size.
6. A deviation from LDC Sec. 34-1954(b)(2) requiring model homes must be connected to water, sewer and electricity and must receive a certificate of occupancy as a model home only, prior to use as a model to approve dry models is approved with the following conditions:
 - a. Use of dry models is limited to single-family development consistent with the Final Plan Approval: Site Plan per Attachment "A".
 - b. Each model home within this development must have a floor plan that is distinctly different from other model homes within the development, per LDC Sec. 34-1954(b)(4).
 - c. Dry models are limited to four in locations to be determined at time of local development order.
7. Development must include the security entrance gates consistent with Attachment "A".

Conditions 8 thru 17 are no longer in effect according
to ADD2019-00178 dated 1/17/2020.

8. Use of this property designated for boat storage is limited to the temporary storage of boats, trailers, RVs, and other vehicles (not including heavy machinery, dump trucks, or similar vehicles) for residents of Miromar Lakes only.
9. Boat, trailer, RV and other vehicle storage must comply with provisions for outdoor storage per LDC Sec. 34-3001 through 34-3005.
10. Temporary storage of RVs is limited to 5 at any one time.
11. Use of this property for commercial storage of any kind is prohibited.
12. Use of this property for boat launching, docking, or boat or vehicle storage by non-residents or non-employees of Miromar Lakes is prohibited.
13. Individual boats or vehicles may not be stored on site in excess of two calendar years.
14. This temporary use is limited to no more than two calendar years from the date this amendment (ADD2017-00013) is signed. Continued use after this point may only be permitted by a subsequent Final Plan Approval extending the date of approval or through amendment of the MPD through the public hearing process.
15. If garbage accumulates on this site for a week or longer, the developer must comply with LDC Sec. 10-261 and Solid Waste Ordinance #11-27 for the pick-up/disposal of solid waste and recyclables.
16. Development or use of the proposed boat storage facility is permitted upon removal of boats, trailers and RVs from the site per ADD2016-00025.
17. Subsequent to development order approval of boat storage on the subject property, ADD2016-00025 is null and void.
18. Prior to Development Order approval for the T-Type turn around in lieu of a cul-de-sac on Via Lucero per Deviation #3, approval from the fire district must be obtained.
19. The proposed gate access must comply with all requirements of Lee County Land Development Code Section 34-1748.
20. If it is determined that inaccurate or misleading information was provided to the County or if this decision does not comply with the LDC when rendered, then, at any time, the Zoning Manager may issue a modified decision that complies with the Code or revoke the decision. If the approval is revoked, the applicant may acquire the necessary approvals by filing an application for public hearing in accordance with Chapter 34.

Duly passed, adopted, and electronically signed on 4/4/2017 by

Audra Ennis, Zoning Manager
Lee County Community Development

Conditions 8 thru 17 are no longer in effect according
to ADD2019-00178 dated 1/17/2020.

GENERAL NOTES:

- ALL ELEVATIONS REFER TO NORTH AMERICAN VERTICAL DATUM 1988 (NAVD88).
- IT IS THE CONTRACTOR'S RESPONSIBILITY TO FIELD LOCATE AND VERIFY ANY EXISTING UTILITIES.
- EXTREME CAUTION IS TO BE USED WHEN EXCAVATING, AS THE NUMBER AND LOCATION OF EXISTING UTILITIES HAVE BEEN NOTED BASED ON THE BEST INFORMATION AVAILABLE.
- THE CONTRACTOR SHALL SAFEGUARD AND AVOID PENETRATION OF SPECIAL WETLAND PRESERVATION AREAS SHOWN ON THE DRAWINGS AND FENCED AT THE SITE.
- IT IS THE CONTRACTOR'S RESPONSIBILITY TO REPLACE ANY EXISTING LANDSCAPING (i.e. SOD, BUSHES, TREES, ETC.), SPRINKLER PIPE, SPRINKLER HEADS AND FENCING THAT MAY HAVE TO BE REMOVED DURING CONSTRUCTION.
- ANY DAMAGE TO EXISTING UTILITIES AND PROPERTY DURING CONSTRUCTION SHALL BE REPAIRED AND/OR REPLACED AT THE CONTRACTOR'S EXPENSE.
- PRIOR TO LANDSCAPING ANY AREAS WITHIN THE ROAD RIGHT-OF-WAY, A LANDSCAPING PLAN AND RIGHT-OF-WAY PERMIT SHALL BE SUBMITTED FOR REVIEW AND APPROVAL BY THE COUNTY ENGINEER. (NOTE: LANDSCAPING WORK TO BE DONE BY OTHERS.)
- IRRIGATION LINE SIZES, LOCATION, AND CASING LOCATIONS ARE TO BE PROVIDED BY LANDSCAPE ARCHITECT.
- ALL SUB-SURFACE INSTALLATIONS FOR WATER, SEWER, DRAINAGE AND PUBLIC UTILITIES SHALL BE INSTALLED PRIOR TO COMPACTION OF SUBGRADE AND ROADWAY CONSTRUCTION.
- ALL CONDUITS NECESSARY FOR ELECTRICAL, CABLE TELEVISION, TELEPHONE, STREET LIGHTING, ETC. SHALL BE INSTALLED PRIOR TO STREET CONSTRUCTION.
- 10' HORIZONTAL SEPARATION AND 18" VERTICAL SEPARATION TO BE MAINTAINED BETWEEN WATER MAIN AND SEWAGE FORCE MAIN/SANITARY SEWAGE GRAVITY MAIN. JOINTS TO BE EQUIDISTANT AT CROSSING
- CONSTRUCTION OF SANITARY SEWERS SHALL BE STARTED AT THE WET WELL OF EACH SEWAGE PUMPING STATION AND BE INSTALLED IN AN UPSTREAM DIRECTION THEREFROM. SEWER CONSTRUCTION SHALL BE CONTINUED ONLY FROM A DOWNSTREAM PIPE OR COMPLETED SEWER AT ALL TIMES WITHOUT FLOW GAPS.
- ALL WATER MAINS AND SEWAGE FORCE MAINS ON THIS PROJECT ARE TO BE C-900 CLASS 150 PVC PIPE; EXCEPT UNDER PAVEMENT WHERE DUCTILE IRON PIPE SHALL BE USED, AND IS TO EXTEND AT LEAST 5' PASSED THE PAVED AREAS.
- PIPE JOINT DEFLECTIONS SHALL NOT EXCEED ONE HALF OF THE MANUFACTURER'S SPECIFICATIONS. FITTINGS SHALL BE USED WHERE DEFLECTIONS EXCEED ALLOWABLE PIPE JOINT DEFLECTION.
- MODEL HOMES SHALL BE ALLOWED Z-13-020

OPEN SPACE

PER ZONING RES Z-13-20
REQUIRED OPEN SPACE
SINGLE-FAMILY UNITS - N/A

APPROVED DEVIATIONS
PER RES #Z-13-020

DEVIATION (5): One means of access

DEVIATION (7): Brick Pavers to Replace 1 1/2" S-1 on Private Roads

REQUESTED DEVIATION:

- Deviation from LDC 10-418 which prohibits the use of rip-rap adjacent to single family homes; to allow the placement of rip-rap adjacent to single family homes.
- Deviation from LDC 10-418(3) which limits the use of rip-rap and other hardened shoreline treatment to 20% of an individual lake shoreline; to allow up to 65% of the shoreline on the adjacent lake.
- Deviation from LDC 10-296(p)(1) to allow Via Bergamo Ct. to end without a cul-de-sac. This is a privately maintained access way that services two residential units per ADD2015-00070.
- Deviation from LDC 10-328(A) to allow lake maintenance easements within the limits of the platted single-family lots within the subject tract.
- Deviation from LDC 34-1954(b)(2) to allow dry models.
- Deviation from LDC Section 10-261(a) to allow new construction of multifamily residential developments, commercial businesses, and industrial uses must provide sufficient on-site space for placement of garbage containers or receptacles, and sufficient space for recycle materials collection containers, to allow for no requirement for containers or receptacles.
- Deviation from LDC Section 34-2020(b) to allow Marinas and other water-oriented uses. Request a deviation from LDC Section 34-2020 that requires parking Marinas and other water-oriented uses to allow for no required parking for the proposed facility.

LANDSCAPE NOTES:
PER LDC SEC 10-416(d)(3) HAS NO BUFFER
REQUIREMENT FOR SINGLE FAMILY AGAINST
RIGHT-OF-WAY.

LITTORAL PLANTING CALCULATION:

REQUIRED LITTORAL PLANTINGS

LAKE 5/6
2,804 LF * 25% = 701 FT
720 FT * 20' = 14,020 SF PLANTED LITTORAL SHELF
14,020 SF / 4 = 3,505 REQ PLANTS

COMPENSATORY LITTORALS FOR RIP RAP
3,177 * 5' = 15,885 S.F. * 50% COVERAGE = 7,943 S.F.
W/ PLANTINGS 2' O.C. = 3,972 PLANTS REQUIRED

TOTAL REQ'D PLANTS = 7,477 PLANTS

LAKE 6S
1,490 LF * 25% = 373 FT
373 FT * 20' = 7,450 SF PLANTED LITTORAL SHELF
7,450 SF / 4 = 1,863 REQ PLANTS

ALL STREETS TO BE
PRIVATELY MAINTAINED

GENERAL DEVELOPMENT NOTE:

- BASED ON THE SFWMD GENERAL PERMIT #36-03568-P AND THE U.S.D.A. SOIL CONSERVATION SERVICE SOIL SURVEY OF LEE COUNTY, FLORIDA. IT IS ANTICIPATED THAT THIS SITE MAY BE USED SAFELY FOR BUILDING PURPOSES, WITHOUT UNDUE DANGER FROM FLOOD OR ADVERSE SOIL OR FOUNDATION CONDITIONS. SUBJECT TO PROPERLY ENGINEERED AND CONSTRUCTED CORRECTIVE MEASURES, INCLUDING BUT NOT LIMITED TO SITE FILL, DRAINAGE WATER MANAGEMENT AND SEWAGE DISPOSAL FACILITIES.

SECTION 10-418

Planted littoral shelf (PLS). The following features are considered sufficient to mimic the function of natural systems, improve water quality and provide habitat for a variety of aquatic species, including wading birds and other waterfowl.

- Size requirements. The PLS shoreline length must be calculated at 25 percent of the total linear feet of the lake at control elevation.
- Location criteria.
 - The PLS should be concentrated at one location of the lake, preferably adjacent to a preserve area, to maximize its habitat value and minimize maintenance efforts. The required PLS may be divided and placed in multiple locations as long as no PLS area is smaller than 1,000 square feet. Whenever possible, the PLS must be located away from residential lots to avoid maintenance and aesthetic conflicts with residential users.
 - The PLS may be located adjacent to control structures and pipe outlets or inlets to maximize water quality benefits and not impede flow.
 - If contained within a lake the PLS must function as a typical freshwater marsh in ponds with slopes from 6(H) to 1(V) to not more than 4(H) to 1(V).
- Shelf configuration.
 - The PLS must be designed to include a minimum of a 20 foot wide littoral shelf extending waterward of the control elevation at a depth of no greater than two feet below the control elevation.
 - A detailed cross section of the PLS must be depicted on the approved development order plan.
- Plant selection.
 - Herbaceous plants must be selected based upon the expected water level fluctuations and maximum water depths in which the selected plants will survive. The PLS areas must be planted with at least four different native herbaceous plant species.
 - Plant calculations. The required number of herbaceous plants is calculated based upon placement spaced two foot on center for the total area encompassed by the PLS. The PLS must be planted with minimum two-inch liner container herbaceous plants. The total number of plants for the PLS may be calculated by taking the total linear feet of shoreline multiplied by 25 percent, then multiplied by the 20-foot wide shelf and divided by four to obtain the two-foot on center spacing.
 - Native wetland trees may be substituted for up to 25 percent of the total number of herbaceous plants required. One tree (minimum ten-foot height; 2 inch caliper, with a four-foot spread) may be substituted for 100 herbaceous plants. Trees must meet the minimum standards set forth in section 10-420.
- Shelf elevation. The design elevation of the PLS will be determined based upon the ability of the PLS to function as a marsh community and the ability of selected plants to tolerate the expected range of water level fluctuations.
- Survival of plant materials. Trees and herbaceous plants must be maintained in perpetuity consistent with section 10-421(b).

LAKE LITTORAL PLANTING ZONE DATA

THE LAKES ARE NOT CONSTRUCTED AS A DEEP LAKE.

LAKE #2, 1.89 ac.; 1,490 LINEAL FOOT PERIMETER
1,490 LF X 25% = 373 X 20' = 7,460 SF OF PLANTED LITTORAL SHELF REQUIRED.

7,460 ÷ 4 = 1,865 PLANTS REQUIRED AND 1900 MINIMUM PROVIDED

1 WETLAND TREE (10", 2" CAL. 4' SPREAD) CAN SUBSTITUTE FOR 100 PLANTS.

LAKE #4, 3.23 ac.; 2,377 LINEAL FOOT PERIMETER
2,377 LF X 25% = 595 X 20' = 11,885 SF OF PLANTED LITTORAL SHELF REQUIRED. 13,375 PROVIDED.

11,885 ÷ 4 = 2972 PLANTS REQUIRED AND 3350 MINIMUM PROVIDED

ADDITIONAL LITTORAL PLANTS
(3,195 L.F. OF Rip Rap):

3,195 L.F. X 5' = 15,975 SF X 50% Coverage = 7,988 SF
with Plantings at 2' OC =
1997 Plants Required - 100% Native.
2000 Plants Provided

Planting Zone Littoral Plantings Required Lake 2 = 1,865
Planting Zone Littoral Plantings Required Lake 4 = 2,972
RipRap Littoral Plantings Required = 1997
TOTAL REQUIRED: 6,834
TOTAL PROVIDED: 7,350

OPEN SPACE CALCULATION

1,494,241 (34.3 ac.) phase 2

Large projects: open space = 30% of total acreage. The following uses may contribute to the open space requirements provided the minimum dimensions are met:

- Buffers and landscaped areas in off-street parking areas, except for areas reserved for future parking spaces pursuant to section 34-2017(d);
 - Dry detention areas.
 - Existing or proposed bodies of water, including stormwater management areas and areas subject to saltwater inundation, which may be used to offset up to a maximum of 25 percent of the required open space area.
- 1,494,241 SF X 30% = 448,273 SF Required
- REFER TO ENGINEERS PLANS FOR OPEN SPACE DELINEATION

BUFFER STANDARDS FOR SINGLE FAMILY LOTS

PROJECT NORTH BUFFER

Ft. Myers, Florida 33901

**RE: Miromar Lakes Resort Village-Phase 2
Final Plan Approval
HM Project No. 2016.045**

Dear Mr. Palermo:

Hole Montes, Inc. is pleased to submit this Final Plan Approval submittal for Miromar Lakes Resort Village-Phase 2.

This is a request to construct a 29 unit single-family development inside Miromar Lakes. The proposed community will include access to the existing recreational lake, internal water management system, roadway, utilities, relocating the existing construction road to address the extension of Lake Maggiore Way and relocating the existing security gates and guardhouse for the construction entrance.

As part of this application, we are utilizing the following approved deviations and requesting additional deviations to the land development code. See Exhibit A for the complete list.

If you need further information, please do not hesitate to contact me at 239-985-1200.

Very truly yours,
HOLE MONTES, INC.

ATTACHMENT "D"

Deviation Request

- **Deviation #1 and #2:** the use of rip rap shoreline treatment behind single-family homes and the use of rip rap shoreline along 65% of the proposed recreational lake shoreline.
 - The request for the provision of rip-rap to control erosion is based upon sound engineering practices with respect to efficient erosion control. Through years of developing neighborhoods around the recreational lake, we have been able to witness how the design of the lake shoreline interacts with wind, water currents and waves generated by recreational boaters and naturally occurring weather conditions.
 - The continuing use of rip rap is consistent with specific policy directives of the Lee County Commissioners, Ordinances or the Lee Plan. The proposed shoreline treatment is for the protection, safety and welfare of the public and property.
 - The use of rip rap over other shoreline treatment is based on the Engineer's and the Developer's experience in maintaining the shore line using different types of materials such as erosion mats, geo web and rip rap, changes in slopes and traditional shoreline restoration.
 - As part of the approval process for ADD2015-00070, we worked with staff to outline where the developer anticipates the need for rip rap and the desire of the individual residence living around the lake installing rip rap to protect the shore behind their homes. We utilized the results of those discussions in locating the shoreline treatment for Resort Village Phase 1.
 - As part of the Final Plan approval process for Phase 1 of the Resort Village, we have attempted to locate the proposed rip rap along the shoreline in areas we believe will be adversely impacted by either boat traffic and/or wave action from the recreational lake.
- **Deviation #3:** request to allow Via Lucero to have a dead end without a cul-de-sac. Via Lucero is a privately maintained road that will service only 2 single family homes. The proposed road will have very little traffic volume.
- **Deviation #4:** request to allow lake maintenance easement within the limits of the platted single –family lots. The Miromar Lakes Community has been developed from the beginning as a recreational lake community with homesites that abut the adjacent lakes. The requested deviation is allows for the continued direct access by the residence to the recreational lake. We have reduced the lake slope from the allowed 4:1 in the approved zoning to 6:1 to improve maintenance and access to the lakes.
- **Deviation #5:** request to allow dry models. Miromar Lakes operates a sales facility on site where potential home buyers work with sales staff to purchase their new homes. Because of this there is a need to allow the construction of model homes to begin prior to the construction and certification of potable water and sanitary sewer services.
- **Deviation #6:** LDC Section 10-261(a) - All new construction of multifamily residential developments, commercial businesses, and industrial uses must provide sufficient on-site space for the placement of garbage containers or receptacles, and sufficient space for recyclable materials collection containers, to allow for no requirement for containers or receptacles.
- **Deviation #7:** LDC Section 34-2020(b) – Marinas and other water-oriented uses. Request a deviation from LDC Section 34-2020 that requires parking Marinas and other water-oriented uses to allow for no required parking for the proposed facility.

The proposed facility is an accessory use as described in Exhibit D of the approved schedule uses, Z-13-20. The proposed facility is an accessory use that is not open to the public and does not allow for unlimited use by the residents. This facility is solely for the storing of residential vehicles and trailers and allows residents to put boats in the adjacent lake via the proposed boat ramp.

Access to the boat ramp is also limited and not open to the public. Residents using the boat ramp will not be allowed to park their vehicles in the facility. Once the boat is in the water, the residents are required to leave the facility with staff.

ATTACHMENT "E"

ADMINISTRATIVE AMENDMENT (PD) ADD2015-00070

ADMINISTRATIVE AMENDMENT LEE COUNTY, FLORIDA

WHEREAS, Miromar Lakes LLC - Mike Elgin filed an application for an administrative approval to a Mixed Use Planned Development (MPD) on a project known as Miromar Lakes Recreational Lake Shoreline Stabilization to deviate from the hardened shoreline limitations finished slope requirements and amend the approved Master Concept Plan on property located within the Miromar Lakes to allow:

1. Approval for the Miromar Lakes Recreational Lake Shoreline Stabilization Plan; and
2. Deviation #1 from LDC Sec. 10-418(3) which limited the use of rip-rap and other hardened shoreline treatment to 20% of an individual lake shoreline to allow 65% of the shoreline on the developed portions of the north and south recreational lakes within the Miromar Lakes community at the time of this application, to address continued erosion of the shoreline; and
3. Deviation #2 from LDC Sec. 10-418 which prohibits the use of rip rap adjacent to single-family uses, to allow the placement of rip-rap for lake shoreline restoration adjacent to single-family homes; and
4. Deviation #3 from LDC Sec. 10-329(d)(4) which requires lake banks to be sloped at a 6:1 ration from the top of bank to a water depth of two feet below the dry season water table, to allow for a minimum ratio of 4:1 where turf reinforcement mat is proposed, and a minimum ratio of 2:1 where rip rap shoreline is proposed; and
5. Deviation #4 from LDC Sec. 26-75(d)2 which requires the uses of filter fabric when rip rap shoreline stabilization is used, to allow the existing rip rap designated to Phase I to remain without the use of filter fabric, until such time as the existing rip rap needs to be repaired or replaced.

LEGAL DESCRIPTION: In Sections 12, 13 & 14, Township 46 South, Range 25 East, Lee County, Florida:

See Exhibit "A"

WHEREAS, the property was rezoned in case number Z-99-029 with subsequent amendments per zoning resolutions Z-02-072, Z-06-064, Z-10-019, Z-12-004 and Z-13-020; and

WHEREAS, the subject property is located in the University Community Future Land Use Category as designated by the Lee Plan; and

WHEREAS, the Miromar Lakes Mixed Use Planned Development (MPD)/Development of Regional Impact (DRI) is a +/- 1,800-acre mixed use project approved for 250,000 square feet of retail uses, 340,000 square feet of office uses, 40,000 square feet of industrial/research and development uses, 450 hotel rooms, 650 boat slips, 2,600 residential units, recreational facilities and preserve areas; and

WHEREAS, the Miromar Lakes MPD community has experienced erosion around the lakes located within the community and adjacent residential properties; and

WHEREAS, the lakes serve the dual function of control of surface water management as well as enhancement of the property's aesthetics; and

WHEREAS, lake bank erosion has progressed to the point where a steep vertical escarpment has been created above the waterline, leading to public health, safety and welfare concerns; and

WHEREAS, the Miromar Lakes Community wished to repair, reinforce and hardened the affected shorelines in the development (Attachment "B"); and

WHEREAS, additional littoral plantings will be provided where hardened shoreline is proposed for repair, to comply with the planted compensatory littoral shelf requirements; and

WHEREAS, the applicant has submitted a comprehensive set of plans in support of the deviation requests above (Attachment "A"); and

WHEREAS, the Lee County Land Development Code provides for certain administrative changes to planned development master concept plans and planned unit development final development plans, including deviations from the Land Development Code; and

WHEREAS, the subject application and plans have been reviewed by the Lee County Department of Community Development in accordance with applicable regulations for compliance with all terms of the administrative approval procedures; and

WHEREAS, the applicant's engineering firm has considered alternatives to the placement of hardened shoreline and based upon sound engineering practices, subsurface topography, accessibility constraints, aesthetics and product life expectancy, determined that the hardened shoreline repair as proposed/where proposed, represents the best available solution for the specific erosion problem encountered at this site; and

WHEREAS, Administrative Amendment ADD2015-00132 is being reviewed concurrently by staff to grant Final Plan Approval for single-family development for a portion of Miromar Lakes known as the Peninsula Phase IV, which also includes deviation requests regarding lakes, rip rap and lake shorelines; and

WHEREAS, conditions of approval for ADD2015-00132 include references to this amendment and deviation requests; and

WHEREAS, the subject applications and plans have been reviewed by Lee County Development Services staff who have provided their recommendations and analysis (Attachment "C" and "D"); and

WHEREAS, Development Services review staff support the deviation requests and have recommended inclusion of conditions to ensure that all required littoral plantings and lake management and maintenance criteria are compliant with the Land Development Code; and

WHEREAS, it is found that the proposed amendment and requested deviations do not increase density or intensity within the development; do not decrease buffers or open space required by the LDC; do not underutilize public resources or infrastructure; do not reduce total open space, buffering, landscaping or preservation areas; and do not otherwise adversely impact on surrounding land uses.

NOW, THEREFORE, IT IS HEREBY DETERMINED that the application for administrative approval for an amendment to Mixed Use Planned Development with deviation requests above is **APPROVED subject to the following conditions:**

1. **The Development must be in compliance with the Miromar Lakes Recreational Lake Shoreline Stabilization plans per Attachment "A".**
2. **New Development Orders will require the preparation of a Lake Maintenance Plan addressing the components of LDC Sec. 10-329(d)(5)(a-e).**
3. **New Development Orders will include a requirement that roof drains be routed to either drain away from the lake or be collected in a header network of pipes and discharged to the lake below the DSWT.**
4. **Prior to any installation of hardened shoreline, a Dock and Shoreline permit must be obtained.**
5. **If it is determined that inaccurate or misleading information was provided to the County or if this decision does not comply with the LDC when rendered, then, at any time, the Director may issue a modified decision that complies with the Code or revoke the decision. If the approval is revoked, the applicant may acquire the necessary approvals by filing an application for public hearing in accordance with Chapter 34.**

Duly passed, adopted, and electronically signed on 10/6/2015 by

Pam Houck, Zoning Manager
Department of Community Development

PROPOSED LAKE 5 & 6 SHORELINE:

TOTAL SHORELINE	57,442 L.F.
PROPOSED RIP RAP	
APPROVED	11,130 L.F.
PHASE 1	10,750 L.F.
PHASE 2	1,140 L.F.
PHASE 3	2,910 L.F.
PHASE 4	7,640 L.F.
PHASE 5	2,100 L.F.
PHASE 6	600 L.F.
TOTAL	36,270 L.F.

PERCENTAGE TO COVER PROPOSED SHORELINE TREATMENT

- 36,270 L.F. / 57,442 L.F. *100 = 63.14%

MAXIMUM HARDENED SHORELINE TREATMENT (65%)

- 57,442 L.F. * 65.0% = 37,337 L.F.

AVAILABLE SHORELINE TREATMENT FOR STABILIZATION

- 37,337 L.F. - 36,270 L.F. = 1,067 L.F.

COMPENSATORY LITTORAL PLANTINGS

EXISTING LITTORAL COMPENSATORY AREA = 30,100± S.F.
PROPOSED LITTORAL COMPENSATORY AREA = 90,700± S.F.
TOTAL LITTORAL COMPENSATORY AREA = 120,800± S.F.

LITTORAL PLANTS TO BE PLANTED 2.5 PLANTS PER LF. OF TREATED SHORELINE

TOTAL HARDENED SHORE LINE PROPOSED = 38,087 L.F.
PREVIOUSLY APPROVED HARDENED SHORELINE = 11,130 L.F.
L.F. OF SHORELINE TO MITIGATE WITH LITTORALS = 26,957 L.F.

NUMBER OF REQUIRED LITTORALS (2.5 * 26,957) = 67,393 Littoral Plants
NUMBER OF LITTORAL PLANTS PROVIDED = 67,400 Littoral Plants

MIROMAR LAKES
RES #Z-12-004

(DRI #11-9798-142)

REQUESTED DEVIATIONS

- 1) REQUESTED DEVIATION: from Section 10-418.(3) which limits the use of rip-rap and other hardened shoreline treatment to 20% of an individual lake shoreline; to allow up to 65% of the shoreline on the developed portions of north and south recreational lakes within the Miromar Lakes community at the time of this application.
- 2) REQUESTED DEVIATION: from Section 10-481.(3), which prohibits the use of rip rap adjacent to single family residential uses; to allow the use of rip rap adjacent to single family uses.
- 3) REQUESTED DEVIATION: from Section 10-329(d)(4) which requires lake banks to be sloped at a 6:1 ratio from the top of bank to a water depth of two feet below the dry season water table; to allow for a minimum ratio of 4:1 where turf reinforcement mat is proposed, and a minimum ratio of 2:1 where rip rap shoreline is proposed.
- 4) REQUESTED DEVIATION: from Section 26-75(d).2, which requires the use of filter fabric when rip rap shoreline stabilization is used; to allow the existing rip rap designated in Phase 1 to remain without use filter fabric until such time as the existing rip rap needs to be repaired or replaced.

GENERAL NOTES

1. IT IS THE CONTRACTOR'S RESPONSIBILITY TO FIELD LOCATE AND VERIFY ANY EXISTING UTILITIES.
2. EXTREME CAUTION IS TO BE USED WHEN EXCAVATING, AS THE NUMBER AND LOCATION OF EXISTING UTILITIES HAVE BEEN NOTED BASED ON THE BEST INFORMATION AVAILABLE.
3. THE CONTRACTOR SHALL SAFEGUARD AND AVOID PENETRATION OF SPECIAL WETLAND PRESERVATION AREAS SHOWN ON THE DRAWINGS AND FENCED AT THE SITE.
4. IT IS THE CONTRACTOR'S RESPONSIBILITY TO REPLACE ANY EXISTING LANDSCAPING (i.e. SOD, BUSHES, TREES, ETC.), SPRINKLER PIPE, SPRINKLER HEADS AND FENCING THAT MAY HAVE TO BE REMOVED DURING CONSTRUCTION.
5. ANY DAMAGE TO EXISTING UTILITIES AND PROPERTY DURING CONSTRUCTION SHALL BE REPAIRED AND/OR REPLACED AT THE CONTRACTOR'S EXPENSE.

GENERAL DEVELOPMENT NOTE:

1) BASED ON THE SFWMD GENERAL PERMIT #36-03568-P AND THE U.S.D.A. SOIL CONSERVATION SERVICE SOIL SURVEY OF LEE COUNTY, FLORIDA, IT IS ANTICIPATED THAT THIS SITE MAY BE USED SAFELY FOR BUILDING PURPOSES, WITHOUT UNDUE DANGER FROM FLOOD OR ADVERSE SOIL OR FOUNDATION CONDITIONS. SUBJECT TO PROPERLY ENGINEERED AND CONSTRUCTED CORRECTIVE MEASURES, INCLUDING BUT NOT LIMITED TO SITE FILL, DRAINAGE WATER MANAGEMENT AND SEWAGE DISPOSAL FACILITIES.

MEMORANDUM
FROM THE
DEPARTMENT OF
COMMUNITY DEVELOPMENT
DEVELOPMENT SERVICES DIVISION

DATE: 4/29/2015

TO: Tony Palermo

FROM: Tom Sawtell

RE: ADD2015-00070

Miramar Lakes Deviation request

Attachment "C"

Description:

The applicant has submitted a comprehensive set of plans in support of his deviation requests. In essence, the applicant wishes to legitimize previously unapproved shoreline stabilization installations and set the stage for future installations as dictated at the time of development. The applicant has represented that due to existing and proposed boat traffic combined with the sheer size of the lake(s), lake slope stabilization is not feasible with a typical 6:1 side slope. Lake shoreline armoring must be accomplished to protect development interests from erosion and loss of land and property.

Staff supports the request but recommends inclusion of the following conditions:

1. New Development Orders will require the preparation of a Lake Maintenance Plan addressing the components of 10-329(d)(5)(a-e).
2. New Development Orders will include a requirement that roof drains to be routed to either drain away from the lake or be collected in a header network of pipes and discharged to the lake below the DSWT.

Attachment "D"

Palermo, Anthony

From: Henderson, Abby
Sent: Monday, October 05, 2015 3:35 PM
To: Palermo, Anthony
Subject: Miromar ADD2015-00070

Conditions:

Prior to any the installation of hardened shoreline, a Dock and Shoreline permit must be obtained.

ADMINISTRATIVE AMENDMENT (FPA) ADD2016-00025

ADMINISTRATIVE AMENDMENT LEE COUNTY, FLORIDA

WHEREAS, Miromar Lakes LLC – Mike Elgin filed an application for Final Zoning Plan Approval to a Mixed Use Planned Development (MPD) on a project known as Boat Storage Facility at Miromar Lakes for a temporary storage area for boats, trailers, RVs and other vehicles on a 3.0 acre parcel of land for the use of Miromar Lakes residents only on property located at Miromar Lakes, Fort Myers, FL. described more particularly as:

LEGAL DESCRIPTION: In Section 11, Township 46 South, Range 25 East, Lee County, Florida:

ATTACHED AS EXHIBIT "A".

WHEREAS, the subject property is located in the University Community Future Land Use Category as designated by the Lee Plan; and

WHEREAS, the property was originally rezoned in case number Z-99-029 (with subsequent amendments in case number Z-02-072, Z-06-064, Z-10-019, Z-12-004 and Z-13-020; and

WHEREAS, the Lee County Land Development Code provides for certain administrative changes to planned development master concept plans and planned unit development final development plans; and

WHEREAS, Resolution Z-13-020 (Attachment "D") requires, as a prerequisite to approval of any local Development Order, an approved Final Zoning Plan (FPA) that specifies the type, intensity and configuration of development for the particular site; and

WHEREAS, the Miromar Lakes Mixed Use Planned Development (MPD)/Development of Regional Impact (DRI) is a +/- 1,800-acre mixed use project approved for 250,000 square feet of retail uses, 340,000 square feet of office uses, 40,000 square feet of industrial/research and development uses, 450 hotel rooms, 650 boat slips, 2,600 residential units, recreational facilities and preserve areas; and

WHEREAS, Condition 1.c. of Z-13-020 requires Final Plan Approval prior to the issuance of a local development order for the parcel development that includes vertical (structural) development; and

WHEREAS, the applicant is seeking Final Plan Approval (FPA) for a 3-acre tract for temporary storage of vehicles including boats, trailers, RVs, fences, dry detention, entrance gates, and an existing boat dock, and existing boat ramp and related infrastructure (Attachment "A"); and

WHEREAS, the applicant has provided the required 30% open space (0.92 acres) for this proposed development; and

WHEREAS, the applicant has provided for adequate buffering, landscaping, plantings and other improvements (Attachment "B") generally consistent with the Land Development Code and Zoning Resolution Z-13-020; and

WHEREAS, the subject property was developed and previously utilized for temporary storage of boats and other vehicles for residents of Miromar Lakes; and

WHEREAS, the property is in receipt of two violations (VIO2016-01271 and VIO2016001371) for a fence, ramp, and dock constructed without permits; and

WHEREAS, Development Order DOS2016-00015 for construction of a temporary fenced storage facility to be used for the purpose of residents of Miromar Lakes to store boats and other vehicles on this site was applied for February 4, 2016; and

WHEREAS the subject property is within the Residential "R" portion of Miromar Lakes per the approved Master Concept Plan per Zoning Resolution Z-13-020; and

WHEREAS, to the east of the subject property is a private road within Miromar Lakes accessing Ben Hill Griffin Parkway; and

WHEREAS, to the west of the subject property is a large lake with the Compact Community Planned Development (CCPD) zoning designation (Centerplace); and

WHEREAS, there is vacant land to the north and south of the subject property within one of the "R" portions of Miromar Lakes; and

WHEREAS, the Property Development Regulations per Z-13-020 permit Accessory Uses and Structures including private boat docks, Clubs (including accessory uses including boat docks, boat ramps, fishing piers, Entrance Gates, Fences, Walls, Recreational Facilities, personal and private including fishing piers, boat docks, boat ramps, and temporary uses; and

WHEREAS, the Property Development Regulations per Z-13-020 says, "Any activity comparable in nature with the foregoing uses and which the Director of the Lee County Community Development determines to be compatible in "R" district"; and

WHEREAS, this proposed activity is an accessory use and activity consistent with the permitted uses within the "R" portions of Miromar Lakes; and

WHEREAS, the applicant proposes a development to be used by the residents of Miromar Lakes to store boats, trailers, RVs and other vehicles in a secure area; and

WHEREAS, this is a limited access storage facility with a boat ramp to allow the users a safe and controlled access to the adjacent lake; and

WHEREAS, the applicant proposes the users must be accompanied by Miromar Lakes Property Management staff to utilize this area; and

WHEREAS, due to the unique, temporary and accessory nature of the proposed use the applicant requests two additional deviations from the Land Development Code; and

WHEREAS, *Deviation 1* requests relief from LDC Sec. 10-261(a) requiring all new construction to provide sufficient on-site space for the placement of garbage containers or receptacles, and sufficient space for recyclable materials collection containers to allow for no requirement for such containers or receptacles; and

WHEREAS, Condition 28 of Zoning Resolution Z-13-020 says, "As part of any local development order approval for vertical development, the development order plans must include facilities in compliance with LDC Sec. 10-261 and Solid Waste Ordinance #11-27 for the pick-up/disposal of solid waste and recyclables. The minimum area required for, and specific locations of these facilities will be reviewed at time of local development order application"; and

WHEREAS, the proposed storage activity requires no vertical construction with the exception of the fences, gates, and docks; and

WHEREAS, the applicant proposes a system where Miromar Lakes residents have limited access to the property accompanied by Miromar Lakes staff; and

WHEREAS, there will be no need, as proposed, to have any garbage or recycling facilities on site; and

WHEREAS, *Deviation 2* requests relief from LDC Sec. 34-2020(b) requiring marinas and other water-oriented uses to provide for parking spaces to allow for no parking for the proposed facility; and

WHEREAS, the applicant proposes residents using this area for storage and boat ramp will not be permitted to park their vehicles in the facility; and

WHEREAS, the proposed Final Plan Approval and deviation requests have been reviewed by Lee County Department of Community Development's Development Services and environmental staff (Attachment "D"); and

WHEREAS, the deviations requested – as conditioned – enhance the objectives of the planned development, and preserve and promote the general intent of the LDC to protect the public health, safety and welfare; and

WHEREAS, the subject application and plans have been reviewed for compliance with the MCP and all of the conditions approved by Resolution Z-13-020; and

WHEREAS, the subject plans and deviation requests are consistent with the approved zoning resolutions and Development of Regional Impact (DRI) as amended, and

WHEREAS, the Lee County Land Development Code provides for certain administrative changes to planned development master concept plans and planned unit development final development plans; and

WHEREAS, the subject application and plans have been reviewed by the Lee County Department of Community Development in accordance with applicable regulations for compliance with all terms of the administrative approval procedures; and

WHEREAS, it is found that the proposed FPA does not increase density or intensity within the development; does not decrease buffers or open space required by the LDC; does not underutilize public resources or infrastructure; does not reduce total open space, buffering, landscaping or preservation areas; and does not otherwise adversely impact on surrounding land uses.

NOW, THEREFORE, IT IS HEREBY DETERMINED that the application for Final Plan Approval (FPA) to the Mixed Use Planned Development (MPD) for approval a temporary storage area for boats, trailers, RVs and other vehicles on a 3.0 acre parcel of land for the use of Miromar Lakes residents only is **APPROVED with the following conditions:**

1. **The Development must be in substantial compliance with the Final Plan Approval: Site Plan per Attachment "A" and Landscape Plan per Attachment "B".**
2. **Any development which is not consistent with the final site plan approved herein and attached hereto, will require an additional, amended final plan approval.**
3. ***Deviations 1 and 2* as proposed are approved per the conditions of this amendment only.**
4. **If it is determined that inaccurate or misleading information was provided to the County or if this decision does not comply with the LDC when rendered, then, at any time, the Zoning Manager may issue a modified decision that complies with the Code or revoke the decision. If the approval is revoked, the applicant may acquire the necessary approvals by filing an application for public hearing in accordance with Chapter 34.**
5. **Within 180 days from the Final Plan Approval (ADD2016-00025), the dock and boat launch which have been constructed without permits must be either removed or a dock and shoreline permit issued and final inspection signed off by the Department of Community Development.**

6. **Development must include the two entrance gates consistent with Attachment “A”.**
7. **Use of this property is limited to the temporary storage of boats, trailers, RVs, and other vehicles (not including heavy machinery, dump trucks, or similar vehicles) for residents of Miromar Lakes only.**
8. **Temporary storage of RVs is limited to 5 at any one time.**
9. **Use of this property for commercial storage of any kind is prohibited.**
10. **Use of this property for boat launching, docking, or boat or vehicle storage by non-residents or non-employees of Miromar Lakes is prohibited.**
11. **Individual boats or vehicles may not be stored on site in excess of one calendar year.**
12. **This temporary use is limited to no more than two calendar years from the date this amendment (ADD2016-00025) is signed. Continued use after this point may only be permitted by a subsequent Final Plan Approval extending the date of approval or through amendment of the MPD through the public hearing process.**
13. **If garbage accumulates on this site for a week or longer, the developer must comply with LDC Sec. 10-261 and Solid Waste Ordinance #11-27 for the pick-up/disposal of solid waste and recyclables.**

Myrica cerifera, Wax Myrtle
Psychotria nervosa, Wild Coffee
Rapicodia indica, Indian Hawthorn
Schinus molle, Saus Pepper
Sophora tomentosa, Nockalee Pod
Treposium floridanum, Dwarf Flakahatchee Grass

1. All systems to utilize low angle or flat, rotors, spray heads, and drip line system to produce an efficient xeric watering operation.
2. All systems to be on an automatic program controllers. Controller locations to be site verified and coordinated with general contractor and electrical/ mechanical engineer.
3. All systems to be on an automatic rain sensor shut off devices.
4. Head locations are diagrammatic and serve only as a guide for installational purposes.
5. Irrigation contractor responsible for 100% full coverage in accordance to good industry standards.
6. Irrigation contractor responsible for coordination with project mechanical contractor for adequate water supply, psi, meter and main line locations and required sleeves for access to all areas requiring irrigation.
7. All systems to utilize appropriate back flow preventor in accordance to Lee County codes.
8. Adjust the radius of spray on irrigation heads as needed to provide proper double coverage. Avoid over-spray on pavement and walls. Heads shall be placed a minimum of 6" from pavement and walls. Pressure compensating heads shall be used to eliminate aerosol spraying.
9. Pipe sizing shall be determined by friction loss chart method with maximum velocity not to exceed 5 fps.
10. Zone outline and calculation provides performance standards required. Heads will be supplied and / or field coordinated with irrigation contractor.
11. Quick coupler hose bibbs in lockable recessed valve boxes shall be provided as noted on plan in accordance with all applicable codes.
12. Constant pressure pipe and sleeves shall be schedule 40 pvc.
13. Zone laterals shall be class 200 pvc.
14. Installation shall be subject to all general project specifications and requirements. Specific irrigation specifications to be supplied prior to work commencement.
15. The locations of valves may change from the plan due to the location of the water source and/or electrical supply. Field adjust zones as needed with the approval of the landscape architect.
16. The irrigation contractor shall provide **AS BUILT DRAWINGS** to the owner showing all field adjustments to the systems upon completion of the project.
17. The irrigation contractor is responsible for all piping and wire take-offs for the project, as well as all fittings and connections at the water source.
18. All electric valves shall be installed below finish grade in **AMETEK** valve boxes. Valves should be located in close proximity to each other as much as possible.
19. Full one year warranty to be provided from date of project final acceptance.
20. All irrigation heads in planting beds will be 12" pop-ups and sod areas 4" pop-ups. All stream bubbler heads shall be on black painted PVC risers. Any use of shrub risers shall be determined on site after the installation of plant material.
21. The following criteria shall be used for class 200 PVC piping. Minimum pipe size shall be 1 1/4" at the furthest point from the valve with increased sizes in proportion to the increased gpm getting closer to the valve.

Gallons per minute	Pipe size
1 - 16 gpm	maximum 1"
17 - 28 gpm	maximum 1 1/4"
29 - 35 gpm	maximum 1 1/2"
36 - 55 gpm	maximum 2"
56 - 60 gpm	maximum 2 1/2"
81 - 120 gpm	maximum 3"
121 -210 gpm	maximum 4"

**RE: *Miromar Lakes*
 Boat Storage Facility
 Final Plan Approval
 ADD2016-00025
 *HM Project No. 2015.085***

Dear Mr. Palermo:

Hole Montes, Inc. is pleased to submit this revised deviation request for the Final Plan Approval submittal for a Boat Storage Facility at Miromar. The proposed facility is an accessory use as described in the approved schedule of uses.

This facility will be used by the residence to store boats, trailers, RVs and other vehicles in a secure area. This is a limited access storage facility with a boat ramp to allow the residence a safe and controlled access to the adjacent lake. As a limited access facility residence will need to be accompanied by Miromar Lakes Property Management staff. The facility is opened to allow the resident temporary access to store, retrieve or place a boat in the water. After that time the resident must leave with staff so the area can be secured.

Because of the accessory nature of the use and the limited access we are requesting deviations from LDC 10-261(a) and LDC 34-2020.

Deviation #1 - LDC Section 10-261(a) - All new construction of multifamily residential developments, commercial businesses, and industrial uses must provide sufficient on-site space for the placement of garbage containers or receptacles, and sufficient space for recyclable materials collection containers, to allow for no requirement for containers or receptacles.

Deviation #2 – LDC Section 34-2020(b) – Marinas and other water-oriented uses. Request a deviation from LDC Section 34-2020 that requires parking Marinas and other water-oriented uses to allow for no required parking for the proposed facility.

The proposed facility is an accessory use as described in Exhibit D of the approved schedule uses, Z-13-20. The proposed facility is an accessory use that is not open to the public and does not allow for unlimited use by the residence. This facility is solely for the storing of residential vehicles and trailers and allows residence to put boats in the adjacent lake via the proposed boat ramp.

Access to the boat ramp is also limited and not open to the public. Residence using the boat ramp will not be allowed to park their vehicles in the facility. Once the boat is in the water the residence are required to leave the facility with staff.

If you have any questions, or require additional information, please contact me.

Very truly yours,

HOLE MONTES, INC.

MEMORANDUM

Date: May 12, 2016
To: Tony Palermo, Senior Planner
From: Beth Workman, Environmental Planner
239.533.8793
EWorkman@leegov.com
Subject: Miromar Lakes, LLC
ADD2016-00025
STRAP#11-46-25-00-00001.0040

The applicant is requesting a Final Plan Approval for the after the fact construction of a temporary boat storage facility with a boat ramp and boat dock. The applicant has been issued two violations. The first violation (VIO2016-01271) is for a six foot chain link fence that was constructed without permits and the second (VIO2016-01371) is for a concrete boat ramp and dock constructed without permits. Environmental Sciences zoning staff has reviewed the application and the master concept plan (MCP) that included a landscape plan and offer the following conditions:

Prior to the issuance of a development order for the boat storage facility, the landscape plans must be in substantial compliance with sheet LP-1 received May 5, 2016.

Within 90 days from the Final Plan Approval (ADD2016-00025), the dock and boat launch which have been constructed without permits must be either removed or a dock and shoreline permit issued and final inspection signed off by the Department of Community Development.

ADMINISTRATIVE AMENDMENT (FPA) ADD2016-00148

ADMINISTRATIVE AMENDMENT LEE COUNTY, FLORIDA

WHEREAS, Miromar Lakes LLC - Mike Elgin filed an application for Final Zoning Plan Approval to a Mixed Use Planned Development (MPD) on a project known as Resort Village – Phase 1 for 25 residential single-family dwelling units and related infrastructure on +/- 9.06 acres on property located in Miromar Lakes, Fort Myers, FL. described more particularly as:

LEGAL DESCRIPTION: In Section 11, Township 46 South, Range 25 East, Lee County, Florida:

ATTACHED AS EXHIBIT "A"

WHEREAS, the subject property is located in the University Community Future Land Use Category as designated by the Lee Plan; and

WHEREAS, the property was originally rezoned in case number Z-99-029 with subsequent amendments in case numbers Z-02-072, Z-06-0064, Z-10-019, Z-12-004, Z-13-020 and ADD2016-00025; and

WHEREAS, the Lee County Land Development Code provides for certain administrative changes to planned development master concept plans and planned unit development final development plans; and

WHEREAS, Resolution Z-13-020 requires, as a prerequisite to approval of any local Development Order, an approved Final Zoning Plan (FPA) that specifies the type, intensity and configuration of development for the particular site; and

WHEREAS, the Miromar Lakes Mixed Use Planned Development (MPD)/Development of Regional Impact (DRI) is a +/- 1,800-acre mixed use project approved for 250,000 square feet of retail uses, 340,000 square feet of office uses, 40,000 square feet of industrial/research and development uses, 450 hotel rooms, 650 boat slips, 2,600 residential units, recreational facilities and preserve areas; and

WHEREAS, Condition 1.c. of Z-13-020 requires Final Plan Approval prior to the issuance of a local development order for the parcel development that includes vertical (structural) development; and

WHEREAS, the applicant is seeking Final Plan Approval (FPA) for a 9.06-acre tract for 25 residential single-family dwelling units and related infrastructure (Attachment "A"); and

WHEREAS, with the addition of the single-family units on the subject property the subject property does not have to provide additional open space due to lots meeting lot size (Attachment "B"); and

WHEREAS, the applicant has provided for adequate buffering, landscaping, plantings and other improvements (Attachment "B") generally consistent with the Land Development Code and Zoning Resolution Z-13-020; and

WHEREAS, the applicant's request includes the use of rip rap over other shoreline stabilization treatments for portions of the proposed lake shoreline (Attachment "C"); and

WHEREAS, the applicant's request includes Deviations from the Land Development Code including requests related to the use of rip rap shoreline, access, and lake slopes (Attachment "D"); and

WHEREAS, Deviation #1 and #2 are from LDC Sec. 10-418 and 10-418(3) to allow the use of rip rap shoreline treatment adjacent to single-family uses along 65% of the proposed recreational lake shoreline; and

WHEREAS, Deviation #3 is from LDC Sec. 10-291(p)(1) to allow Via Bergamo Court to end without a cul-de-sac; and

WHEREAS, the applicant is also utilizing Deviations 5 and 7 per Zoning Resolution Z-13-020 relating to access and use of brick pavers; and

WHEREAS, staff has reviewed the deviation requests and finds that the planned development will be enhanced and that the intent of such regulations to protect health, safety and welfare will be served; and

WHEREAS, Environmental and Development Services staff have reviewed the request and had no objections; and

WHEREAS, the subject application and plans have been reviewed by the Lee County Department of Community Development in accordance with applicable regulations for compliance with all terms of the administrative approval procedures; and

WHEREAS, the subject application and plans have been reviewed for compliance with the MCP and all of the conditions approved by Resolution Z-13-020, as subsequently amended; and

WHEREAS, it is found that the proposed amendment does not increase density or intensity within the development; does not decrease buffers or open space required by the LDC; does not underutilize public resources or infrastructure; does not reduce total open space, buffering, landscaping or preservation areas; and does not otherwise adversely impact on surrounding land uses.

NOW, THEREFORE, IT IS HEREBY DETERMINED that the application for Final Zoning Plan Approval to a Mixed Use Planned Development (MPD) on a project known as Resort Village – Phase 1 for 25 residential single-family dwelling units and related infrastructure on +/- 9.06 acres on property is **APPROVED with the following conditions:**

1. **The Development must be in substantial compliance with the Final Plan Approval: Site Plan per Attachment “A”.**
2. **Any development which is not consistent with the final site plan approved herein and attached hereto, will require an additional, amended final plan approval.**
3. **Deviations as proposed are approved per the conditions of this amendment only.**
4. **If it is determined that inaccurate or misleading information was provided to the County or if this decision does not comply with the LDC when rendered, then, at any time, the Zoning Manager may issue a modified decision that complies with the Code or revoke the decision. If the approval is revoked, the applicant may acquire the necessary approvals by filing an application for public hearing in accordance with Chapter 34.**
5. **Prior to Development Order approval for the T-Type turn around in lieu of a cul-de-sac on Via Bergamo Court, approval from the fire district must be obtained.**
6. **The proposed gated accesses must comply with all requirements of Lee County Land Development Code Section 34-1748.**

MEMORANDUM

Date: November 22, 2016
To: Tony Palermo, Senior Planner
From: Beth Workman, Environmental Planner
239.533.8793
EWorkman@leegov.com **Attachment "B"**
Subject: ADD2016-00148
Miromar Lakes Resort Village
11-46-25-00-00001.0040

Environmental Sciences (ES) Zoning staff has reviewed the Final Plan Approval with the two proposed deviations that pertain to ES zoning staff review.

PARCEL HISTORY:

Miromar Lakes is an 1,800 acre parcel, zoned MPD (mixed use planned development), and is in a DRI (development of regional impact) located east of I-75, south of Alico Road and north of Corkscrew Road. The proposed development 9.06 acre portion of the Miromar Lakes development located at the northwestern corner. Per zoning resolution Z-13-020 condition 1c, "the developer must obtain Final Plan Approval (FPA) when parcel development includes vertical (structural) development or when further deviations are requested. If FPA is required, then the developer must file an application prior to, or simultaneous with, a local development order that proposes vertical development. The purpose of this process is to ensure that vertical development is generally in compliance with the approved zoning resolution, MCP and DRI Development Order, while at the same time allowing flexibility in response to changing development practices".

In the case of Miromar Lakes Resort Village, the developer is requesting vertical construction so a FPA is required and two deviations from the Land Development Code (LDC) that pertain to ES zoning review have been requested to seek relief from current changing LDC requirements that have occurred since the zoning was approved.

FINAL PLAN APPROVAL:

The Miromar Lakes development has specific parameters that must be followed when proposing particular uses per Z-13-020 condition 1b. The following lists the specific parameters that pertain to the subject proposal:

Department of Community Development
Zoning Division
Environmental Review

MEMORANDUM

Residential Units: The Miromar Lakes zoning approval allows 2,600 total units per this condition. The development is currently approved for 1204 residential units and the Miromar Lakes Resort Village is proposing 24 residential units. The additional development within Miromar meets the allowable number of residential units conditioned in the Z-13-020 condition 1b.

Boat Slips: The zoning approval allows 650 boat slips for the entire Miromar Lakes development, currently the development is approved for 369 boat slips and the subject portion of the project is proposing no boat slips. Therefore, Miromar Lakes remains in compliance with the allowable number of boat slips per Z-13-020.

Open Space: Miromar Lakes is currently approved for 364.03 acres of open space and with the addition of the single family units the subject property does not have to provide open space due to lots meeting lot size.

Therefore, the Peninsula Phase III at Miromar Lakes meets all the specific parameters required per the Z-13-020.

Additionally, rip rap is being proposed to also help with erosion problems. The Master Concept plan approved as part of the subject parcel review shows the placement of rip rap, the compensatory littorals, and littorals per LDC 10-418. Rip rap is considered a harden shoreline structure and will be addressed through the development order process.

**RE: Miromar Lakes Resort Village Phase 1
Final Plan Approval
ADD2016-00148**

Dear Mr. Palermo:

Please accept this letter as the requested justification for the use of rip rap over other shoreline stabilization treatments for portions of the proposed lake shoreline connected with Miromar Lakes Resort Village Phase 1.

- The request for the provision of rip-rap to control erosion is based upon sound engineering practices with respect to efficient erosion control. Through years of developing neighborhoods around the recreational lake, we have been able to witness how the design of the lake shoreline interacts with wind, water currents and waves generated by recreational boaters and naturally occurring weather conditions.
- The continuing use of rip rap is not inconsistent with specific policy directives of the Lee County Commissioners, Ordinances or the Lee Plan. The proposed shoreline treatment is for the protection, safety and welfare of the public and property.
- The use of rip rap over other shoreline treatment is based on the Engineer's and the Developer's experience in maintaining the shore line using different types of materials such as erosion mats, geo web and rip rap, changes in slopes and traditional shoreline restoration.
- As part of the approval process for ADD2015-00070, we worked with staff to outline where the developer anticipates the need for rip rap and the desire of the individual residence living around the lake installing rip rap to protect the shore behind their homes. We utilized the results of those discussions in locating the shoreline treatment for Resort Village Phase 1.
- As part of the Final Plan approval process for Phase 1 of the Resort Village, we have attempted to locate the proposed rip rap along the shoreline in areas we believe will be adversely impacted by either boat traffic and/or wave action from the recreational lake.

Miromar Lakes
Resort Village Phase 1
Final Plan Approval
ADD2016-00148
Page 2 of 2

We have updated the Master Concept plan for ADD2015-00070 to reflect the location of Resort Village Phase 1 and updated the calculations to reflect the proposed improvements. If you need any additional information to help approve this application, please feel free to contact me at (239) 985-1200 or at charliekrebs@hmeng.com.

Sincerely,

HOLE MONTES, INC.

Charles L. Krebs, P.E.

EXHIBIT A

Attachment "D"

Deviation Request

- Deviation #1 and #2: the use of rip rap shoreline treatment behind single-family homes and the use of rip rap shoreline along 65% of the proposed recreational lake shoreline.
 - The request for the provision of rip-rap to control erosion is based upon sound engineering practices with respect to efficient erosion control. Through years of developing neighborhoods around the recreational lake, we have been able to witness how the design of the lake shoreline interacts with wind, water currents and waves generated by recreational boaters and naturally occurring weather conditions.
 - The continuing use of rip rap is consistent with specific policy directives of the Lee County Commissioners, Ordinances or the Lee Plan. The proposed shoreline treatment is for the protection, safety and welfare of the public and property.
 - The use of rip rap over other shoreline treatment is based on the Engineer's and the Developer's experience in maintaining the shore line using different types of materials such as erosion mats, geo web and rip rap, changes in slopes and traditional shoreline restoration.
 - As part of the approval process for ADD2015-00070, we worked with staff to outline where the developer anticipates the need for rip rap and the desire of the individual residence living around the lake installing rip rap to protect the shore behind their homes. We utilized the results of those discussions in locating the shoreline treatment for Resort Village Phase 1.
 - As part of the Final Plan approval process for Phase 1 of the Resort Village, we have attempted to locate the proposed rip rap along the shoreline in areas we believe will be adversely impacted by either boat traffic and/or wave action from the recreational lake.
- Deviation #3: request to allow Via Bergamo Ct. to have a dead end without a cul-de-sac. Via Bergamo Ct is a privately maintained road that will service only 2 single family homes. The proposed road will have very little traffic volume.
- Deviation #4: request to allow lake maintenance easement within the limits of the platted single –family lots. The Miromar Lakes Community has been developed from the beginning as a recreational lake community with homesites that abut the adjacent lakes. The requested deviation is allows for the continued direct access by the residence to the recreational lake. We have reduced the lake slope from the allowed 4:1 in the approved zoning to 6:1 to improve maintenance and access to the lakes.
- Deviation #5: request to allow dry models. Miromar Lakes operates a sales facility on site where potential home buyers work with sales staff to purchase their new homes. Because of this there is a need to allow the construction of model homes to begin prior to the construction and certification of potable water and sanitary sewer services.

MEMORANDUM

Date: March 10, 2017
To: Tony Palermo, Senior Planner
From: Beth Workman, Environmental Planner
239.533.8793
EWorkman@leegov.com
Subject: Miromar Lakes Resort Village – Phase 2
ADD2017-00013
STRAP # 11-46-25-00-00001.0040

ATTACHMENT "H"

The applicant has applied for an Administrative Deviation to add 29 single family residential lots in Miromar Lakes. Environmental Sciences zoning staff has reviewed this application and offer the following analysis and conditions:

PARCEL HISTORY:

Miromar Lakes is an 1,800 acre parcel, zoned MPD (mixed use planned development), and is in a DRI (development of regional impact) located east of I-75, south of Alico Road and north of Corkscrew Road. The proposed development 12.23 acre portion of the Miromar Lakes Resort Village – Phase 2 development located at the southeastern portion. Per zoning resolution Z-13-020 condition 1c, “the developer must obtain Final Plan Approval (FPA) when parcel development includes vertical (structural) development or when further deviations are requested. If FPA is required, then the developer must file an application prior to, or simultaneous with, a local development order that proposes vertical development. The purpose of this process is to ensure that vertical development is generally in compliance with the approved zoning resolution, MCP and DRI Development Order, while at the same time allowing flexibility in response to changing development practices”.

The application is in compliance with the open space requirements and the applicant has included a landscape and littoral planting plan. The development order must be in substantial compliance with this landscape plan and ES zoning staff provides the following conditions to ensure compliance:

Prior to the issuance of a development order for Miromar Lakes Resort Village Phase 2, the landscape plan must be in substantial compliance with the Phase 2 Littoral Planting Plan and Landscape Calculations exhibit received February 23, 2017.
